## REFRESH YOUR WALLS FOR FALL!

### The Case for Seasonal Art Rotation 🎨

We all know the joy of acquiring beautiful, captivating art, but what do you do when your collection outgrows your walls? As a fellow collector and artist with a moderate Fountain Hills home, I can tell you my secret:

#### Rotate your art!

Unlike our parents, who often kept the same pieces hanging for decades, we live in a world overflowing with options. I find that swapping my stored pieces with those on the wall, either annually or seasonally, gives my home an instant facelift and makes me fall in love with my collection all over again. This fall, consider acquiring a piece with rich autumn colors and giving it a starring role. Your home (and your brain) will thank you for the fresh, new view!

## GALLERY ARTISTS SUPPORTING THE INTERNATIONAL DARK SKY DISCOVERY CENTER

### Inspired by the Night

Supporting our local community is at the heart of what we do at the FHAG. This season, several of our talented gallery artists have come together to support the international dark sky discovery center in Fountain Hills—a project that celebrates our region’s breathtaking night skies and promotes astronomy, science, and sustainable tourism.

In this special collaboration, **fifteen beautifully crafted star ornaments have been created by some of our gallery artists**, each one unique and inspired by the wonder of the desert night sky. These ornaments will be available for purchase online through the international dark sky discovery center, with all profits going directly to support the center’s programs and development.

By purchasing one of these handcrafted stars, you’re not only taking home a piece of local artistry—you’re also helping our community shine a little brighter.

Together, we’re making  
art and astronomy  
align for a good cause.

## BETWEEN WORLDS: A CELEBRATION OF SHADOWS AND LIGHT

### October Gallery Magic

Between shadow and light, fear and festivity, October’s magic reminds us to embrace it all. Our Halloween and Día de los Muertos art honors the mystery, memory, and joy that come alive this season — **where every ghost has a story, and every color a heartbeat.**
